APPROX. NAILS PER LB	106.0

Product Description

These specially engineered nails are recommended for face and blind nailing many types of fiber cement siding such as CemPlank®, Certainteed®, HardiPlank®. The STORMGUARD® Double Hot-Dipped Galvanized coating on these nails ensures excellent long-term rust protection. These nails meet the blind and face nail specification for lap siding 8-1/4" or less. Wider width sidings require blind (roofing) nails. Also available painted in the Hardie ColorPlus® colors. (Labeled for HardiPlank®)

Disclaimer: This image represents an entire series of nails, so the length may not be the exact match to the nail in this spec sheet
