#### Product Description

These smooth shank Joist Hanger Nails are manufactured to the specifications of several of the large joist hanger makers. Stock number J-131 crosses-over to the Kant-Sag® "NA11" and Simpson® "N8", while the stock number J148 crossover to Kant-Sag® "NA9D" and Simpson® "N10". The Maze advantage is that our nails are STORMGUARD® Double Hot-Dipped Zinc-Coated – for superior corrosion resistance. And, you can order these top-quality nails along with your other Maze products –in bulk and packaged. For ring shank joist hanger nails, see J131A or J148A.

Disclaimer: This image represents an entire series of nails, so the length may not be the exact match to the nail in this spec sheet
